Re: Angela Goldman v. Jeffrey Goldman

Dear Dr. Weinstein:

Thank you for not only your insight but also your outstanding testimony on the Jeff Goldman case in December 2000.

As we have recently seen each other, this note is obviously a bit late however, I felt it was warranted in that your testimony was essential in getting forth "the Spheres of Influence" argument in the case. You withstood pressure and composed yourself as a true professional.

I very much look forward to working with you again in the future.

Respectfully,

SAUL EDELSTEIN
