Dear Dr. Weinstein:

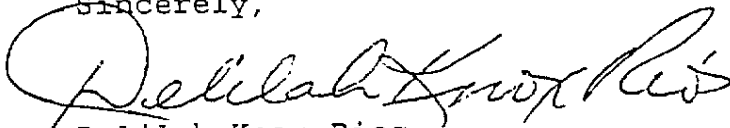

It has been a distinct pleasure and privilege to have you testify in our international custody matter heard in Santa Barbara County, California. Your insight and perception of the dynamics of the situation greatly facilitated our presentation of the case.

The Court, as well as myself, was impressed with your broad knowledge and expertise. The Judge actually made statements on the record such as "...if you start from square one here, we will be here for weeks with this doctor. He knows everything." and "I'm going to jump in here from time to time because we don't get many people like Dr. Weinstein testifying with all his experience."

I look forward to working with you in the future. Likewise, I appreciate the opportunity to meet and confer with you in some detail about the case. I would certainly recommend you for future matters and in fact have mentioned your name recently to several other attorneys who might be interested in retaining your services.

Thank you again for your time and expertise. I will certainly take you up on your offer to visit when I am again in New York.

Sincerely,

Delilah Knox Rios
