Dear Dr Monty,

I am writing this email to let you know how grateful my children and I are to have you in our lives. I met you in 2011. After going through 5 attorneys, all of whom had not heard of you and discouraged me from hiring you; 2.5 years later I decided to finally hire you as a pro SE litigant. It was only after hiring you, and having you by my side leading up to my trial, and at my trial, that my children and I, after 4 years, finally received justice!!! Having lost custody of my children unjustly, the stigma as a mother that comes with that and the hurt my children are having to overcome after being separated from their mother for so long; we are finally on the road to mending the bond that was once broken by the broken family court system!!! This day never would have come if it were not for you and your team! Dr Monty on behalf of my two children and myself we thank you! Those words will never truly express what gratitude we all have for you.

I don't know that I could ever repay you but if I ever can meet your potential future clients that ever second guess or question your abilities my words to them would be, how much are your children worth to you? Do not wait as long as I did, that's only time wasted, money spent unnecessarily that could've been wisely invested in the most powerful resource of ANY custody case! You are the sole reason I have my children today!!! THANK YOU from the bottom of my heart!!!

Warmest regards,  
your friend always,  
Gracie Ortiz Terrett, BS MBA
